## **VIOLATION OF CONDITIONS**

**RE: LINDE, Martin Lee**

On February 21, 2007, Mr. Linde submitted to polygraph testing and, consequent to that testing, disclosed the following violations of his supervised release.

**Violation of Standard Condition #2 - New law violation: Supplying alcohol to a minor.** Mr. Linde admits that he bought a four-pack of wine coolers for a 20-year-old neighbor on one occasion. He also admitted buying a "pint of Southern Comfort and some Aftershock" for a 16-year-old boy. In addition to being a violation of Standard Condition #2, this behavior would also constitute a violation of Special Condition #8, which prohibits Mr. Linde from possessing alcohol.

**Violation of Special Condition #3 - Unapproved contact with minors.** In addition to the behavior described in the first allegation, Mr. Linde has had additional contact with minors. Specifically, he admits on one occasion driving a 20-year-old male and his 15-year-old girlfriend to a skating rink and later picking them up from the skating rink when they called him. Mr. Linde also reported that the 20-year-old and his 15-year-old girlfriend had been inside his residence for a brief period of time. He also admitted that the 16-year-old boy for whom he purchased alcohol and a 17-year-old friend had been inside his residence.

**Violation of Standard Condition #8 - Frequenting an establishment where alcohol is the primary item for sale.** Mr. Linde admitted that he has gone into a bar and a tavern in Klamath Falls for the purpose of consuming food. He denies that he has consumed alcohol since his release, but he was not specifically tested on that issue.

**Violation of Standard Condition #12 - Use of unprescribed prescription narcotics.** Mr. Linde admits taking about 15 Vicodin given to him by a friend. He reports that he had 23 teeth removed, and the friend provided the Vicodin after Mr. Linde's Vicodin prescription ran out. Additionally, Mr. Linde admitted giving a co-worker one of his Vicodin (technically, this constitutes distribution of a controlled substance).
